Our primary focus is service to the Community of the Stone Peoples, the general Wiccan and neoPagan community in the U.S, by teaching Wicca, training clergy, leading public rituals, and attempting to increase networking among groups.

## Crossroads Coven

---

Location: Where needed - currently Knoxville  
Area: All over

Contact Person: Bella  
E-mail: bnightshade@hotmail.com  
Description: Crossroads Coven was not 'created' so much as it came together over the years. Sometimes we are very active and have many in attendance, others we are nearly inactive. This is because the nature of Crossroads is that we are not a destination, we are a crossroads in your path. We are a teaching coven and the main purpose is to assist those that come to us to discover their personal path/goals/journey. Some stay for a day, some a month, some years - some become mentors in their own right, helping others to find their personal journey.  
Our motto is 'there is no one right path, but there is always a path that is right for you right now'
